

A **FAN** Meeting

Closing the Meeting

We hope you enjoyed this meeting. Remember what you liked and please forgive and forget things you did not like. We are all human and we sometimes make mistakes.

We're glad you came. If you keep coming we think you will feel the world is a more friendly place.

We hope you take good feelings back to your homes and to everyone you meet.

Have a good week!

"We want FAN Groups in villages and towns of every country so that any local person or newcomer to the area can find a FAN Group and be sure of meeting a friendly face."
